- Lifetime: 4 year(s)
- Light effect: Cool daylight

- Light source: Energy saving lamp
- Shape: U Shape
- Voltage: 220-240 V
- Wattage: 11 W
- Wattage standard bulb: 60 W

# Highlights

## Energy efficient

All Philips energy-saving bulbs save energy from the moment you turn the switch. During their lifetime they use fewer kW, resulting in a lower energy bill. The level of energy saving differs per lamp type and technology.

## Carbon footprint

Energy-saving bulbs reduce the amount of energy use in your home, which results in a lower energy bill and less carbon (CO<sub>2</sub>) output by your energy supplier.

## Compact size and high perform

Our smallest energy-saving bulbs are just as small as a traditional light bulb. You can now save energy and money in all your lights and lamps, without compromising on light quality.

## Reliable quality

Philips keeps its promises about bulb performance. You can trust what the Philips packaging is saying about light output, lifetime and wattage equivalents to incandescent lamps.
